No Coordination of Benefits for Accidents

Accident ProGuard and Accident ProGuard GI pay you benefits even if you have other medical coverage. In order to determine the claim benefit from an accident, you will need to submit an Explanation of Benefits (EOB) with your claim form. The EOB will be used to determine actual charges from the medical provider after adjustments, discounts, or allowances.

Eligibility

At time of application, the primary insured and spouse (as defined by state) must be between 18-64 years of age (renewable to age 70) and eligible children 0-25 years of age (drop off on 26th birthday) or as required by state.

Misstatement of Age, Gender, or Tobacco Use

If the covered person's age, gender, or use of tobacco has been misstated on the covered person's application for coverage under the policy, benefits may be adjusted based on the premium paid to the premium that should have been paid, or any future premiums may be adjusted and past premiums may be refunded or owed to us based on the correct age, gender or tobacco status.

If a covered person's age has been misstated and we would not have issued coverage for that covered person, we may refund the premium paid minus any benefit amounts paid by us, and coverage would be void from the effective date.

Notice of Claim

We must receive notice of claim within 30 days of the date the loss began or as soon as reasonably possible or longer as required by your state.

Premium

The age, gender, and tobacco class of a covered person and type and level of coverage are some factors that could be used to determine your premium rate. You will be given at least a 31-day notice (or longer if required by your state) of any change in your premium.

We will make no change in your premium solely because of claims made by a covered person under the policy or a change in a covered person's health.

Preexisting Conditions for Critical Illness

We will not pay benefits for diagnosis of a critical illness that is due to a preexisting condition during the initial 12 consecutive months (ME and UT, 6 months) after the covered person's effective date, including any waiting period. After 12 months (ME and UT, 6 months) following a covered person's effective date, diagnosis of a critical illness that is a preexisting condition is covered unless otherwise excluded by the rider/policy.

"Preexisting condition" means an illness, injury or condition:

- For which medical advice, diagnosis, care, treatment, or prescription medication was recommended to or received by a covered person during the 12 months (ME, NV, UT and WY within 6 months) immediately preceding the effective date the covered person became insured under the rider/policy; or
- That manifested symptoms which would cause an ordinarily prudent person to seek diagnosis or treatment within the 12 months (ME, NV and UT within 6 months) immediately preceding the applicable effective date the covered person became insured under the rider/policy, except in CA, MT, NC, and WY.

Reasonable and Customary Definition

We base our Reasonable and Customary charge on the most common charge for similar professional services, medicines, or supplies within the area in which the charge is incurred.

For Wyoming Residents:

This policy does not contain comprehensive adult wellness benefits as defined by Wyoming law.

Renewability and Termination

The policy is renewable until the earliest of the following:

- The primary insured's 70th birthday or death. If the policy includes dependents, it may be continued after the primary insured's death or 70th birthday:
 - By the spouse, if a covered person
 - Otherwise, by an eligible child who is a covered person;
- Nonpayment of premiums when due subject to the Grace Period provision in the policy;
- The date we receive a request from you to terminate the policy; or
